

County Strategic Planning
February 15, 2008

Present: Mary Deluca, Patty Kaufman, John Graves, Michael Gradis, Jeanne Deliefde, Earl Poleski, Jan Seitz, Linda Brian, Nancy Miller

Linda Brian of Hanover Horton Schools unveiled a Powerpoint presentation which will be shown to the Board of Commissioners. The object of the presentation is to show what we want, where we are currently, and ways to reach our goals for education in Jackson County.

The presentation lists age groups 0-5, 5-11, 11-14, 14-18, 18-23, and post 25 with issues related to current situations, obstacles and goals for each group.

After the presentation, team members were given an opportunity to discuss the presentation and make changes to the content so that it would fit into the allotted time, as well as making it easily understandable to those who are not familiar with terms used by those in the educational field.

The Education Team is waiting for feedback from the Board of Commissioners before scheduling their next meeting.
