## JNET Narcotics Grant

### JNET Narcotics Grant

JNET provides participating jurisdictions within Jackson County an increased capacity to detect, conduct surveillance of, and apprehend persons who violate narcotics and drug laws, or other laws as determined by the advisory board. JNET works cooperatively with law enforcement agencies at all levels; local, state, and federal, of Jackson County. They detect and apprehend persons who violate these laws.

### Strategic Plan Impact

✓ **Safe Community**

The two deputies assigned to this unit work in concert with other law enforcement officers from various governmental units to target the illicit drug trade in Jackson County. Their work includes long-term investigations of drug traffickers as well as the apprehension of street level offenders. This unit has within it the only personnel in the county of Jackson dedicated to targeting drug activity. The work performed by this unit shutting down drug houses and methamphetamine labs contributes significantly to making Jackson County a safer place to live.

✓ **Healthy Community**

In creating a safe community where people feel free to enjoy the multiple parks and opportunities for outside activity the Office of the Sheriff contributes to the health of the community. Drug interdiction enhances the health of this community by forcing the sale of drugs out of our neighborhoods.

✓ **Recreational & Cultural Opportunities**

This program enables the residents of Jackson County to enjoy recreational and cultural opportunities by providing a feeling of safety. The knowledge that problems relating to drug activity are being addressed permits citizens to enjoy recreation in Jackson without fear of being exposed to the effects of drug sales in parks and neighborhoods.

## Accomplishments

- August of 2019, JNET identified a large-scale trafficker of cocaine. JNET obtained search warrants for a residence in Michigan Center and a residence in the City of Jackson. Over 400 grams of cocaine, hundreds of prescription pills, 3 handguns and over \$23,000 in cash was seized. The subject is awaiting trial in Jackson.
- November of 2019, JNET identified a subject in Detroit as being the primary supplier of methamphetamine in Jackson County. The subject was bringing a large shipment of meth from out of state. Through extensive surveillance the subject was located and a traffic stop was attempted. The subject fled officers but was apprehended with 15 pounds of crystal methamphetamine. The subject is awaiting federal trial.
- November of 2019, JNET obtained a search warrant for the residence of a known gang member who was on parole for weapons charges. As a result, two fully-loaded handguns with extended magazines, a stolen revolver and a fully-loaded assault rifle were located and seized. The subject is awaiting trial in Jackson County.
- December of 2019, JNET began investigating numerous gun store burglaries spanning at least 6 counties, including Jackson, where over 100 guns were stolen. JNET and the ATF established surveillance on a suspect followed him to a gun store in Eaton County. As the subject and his accomplice attempted to break into a gun store, they were arrested. Several of the stolen firearms were later recovered. One subject awaits federal charges and the other awaits trial on state charges.

## Budget Adjustments

The justice assistance grant that funds JNET, the multi-jurisdictional task force was eliminated by the Department of Justice.

## Sheriff's Office

With the reduction of the FTE in road patrol and loss of funding supporting this program, one FTE Deputy Sheriff was moved from the program back to road patrol. The Sheriff's Office was the only local agency with two FTE's in the unit, all others had one except the State Police.

Additional revenue to the General Fund in the form of quarterly transfers from a JNET account occur totaling \$55,998. This is reimbursement from the State of Michigan for the third FTE in the budget a civilian administrative assistant.

# County Jail

---

## Activities

The Corrections Division provides for the secure custody and total physical care of offenders lodged in the Jackson County Jail. The department activities can be broken into three major categories: custodial care, physical care and physical plant.

## Strategic Plan Impact

### ✓ Safe Community

The Jackson County Jail is the central housing facility for all arrestees within the county. The jail works to ensure the community in which it serves is protected from those people that are incarcerated. The jail also provides a safe environment during the stay for those community members that become incarcerated within the facility. The Jackson County Jail strives to maintain a good working relationship with local, state and federal agencies.

### Healthy Community

The jail medical staff closely monitors the inmates to see they are receiving prompt and appropriate medical care. The jail staff also closely monitors the inmate medical billing and confers with the medical staff to make certain inmates are receiving needed care. The jail staff also works hand-in-hand with local mental health agencies to ensure inmates receive mental health care should it be needed. The staff works with the Mental Health Court to identify inmates that qualify and may be eligible for their program.

## Accomplishments

- Improvements to the jail camera systems are progressing to include better video resolution and recording capabilities. All cameras at the Chanter Rd facility are high resolution IP.
- Average Daily Population: 359
- Intake: 6608
- Meals Served: 426,232
- 32 inmates have participated in JPS High School completion classes
- Total video arraignments: 1063
- CMH Visits: 363

- A new inmate program provided by SOAR Café & farms was implemented to assist female inmates in realizing self-worth and assist in making better choices for themselves and their family. This began June 2018.
- Joint effort with CMH has increased inmate counseling and access. Lifeways added a Clinician to both Wesley St and Chanter Rd have staffing for CMH issues 40hrs per week.
- Partnership with Center for Family Health, CMH and Jail Medical staff to begin a trial Vivitrol Program for those released to the community. Thus far we have 4 people who requested this program upon release to the community.
- Our jail is collaborating with Wayne State University, Center for Behavioral Health and Justice & The Michigan Opioid Partnership to develop an Opioid Treatment Ecosystem within the Jackson County jail(s). As part of that ecosystem we have begun to provide MOUD in the jail for individuals with OUD, including all three forms of medication - methadone buprenorphine, and Vivitrol. We are currently providing MOUD to individuals who were actively engaged with a community provider prior to incarceration and we hope to begin evaluating for new inductions to services in the very near future.
- We are exploring the ability to supplement our existing services by providing Nalxone kits to program participants and high risk inmates as they release from our custody.
- Wesley Street Kitchen project was wrapped up in FY 2019 bringing sanitary and food preparation environment to standards.
- Corrections staff continue to work the Public Defender department to comply with and realize MIDC requirements for incarcerated individuals.

## Budget Adjustments

The County Jail Operations were a major component in the budget reduction in FY 2016 Sheriff Operations. Overall total Sheriff Budget was reduced by \$497,842 (reduced line item expenses by \$122,738, increased revenue by \$247,104, reduced two FTE Deputy Sheriff Positions \$128,000). Increased revenue from housing various types of state inmates to reduction in line item spending in the county jail budget helped us to meet that threshold.

Billings to the State of Michigan for both parole violators and diverted felons continue to be a major contributor to revenue dollars in the county jail budget. As video visitation is now fully online revenues are beginning to be realized in the jail operations budget.

Board approved staff realignment formalizing two sergeants and adding one corrections deputy position that was never realized and eliminated without ever having been staffed.

## Sheriff's Office

Overtime wages continue to hold at a much lower rate than previous FY's.

MIDC proposal added two correction deputy positions however two corrections deputy positions were eliminated mid FY2019 in preparation for 2020 budget reductions.

# Truancy Grant

---

## Activities

The Jackson County Sheriff's Department School Truancy/Liaison Program assigns deputies at eight (8) suburban school districts. These deputies are responsible for providing education and support services in the area of law enforcement, identifying students prone to acts of vandalism, violence and truancy. Deputies develop intervention strategies to address these problems.

## Strategic Plan Impact

### ✓ **Safe Community**

Through initiatives such as the school liaison program the Office of the Sheriff continues to build rapport with students and staff in Jackson schools. This program also enables deputies to quickly respond to criminal and civil matters that occur within the schools while providing a visible law enforcement presence to curb any potential school violence.

### ✓ **Economic Development**

Through the efforts of the Sheriff to create a safe community in which to live, work and play we indirectly impact the ability of business to thrive. A safe community enjoys the benefits of increased economic development. Safe communities also draw residents from other locations who seek safe, quiet places to raise a family and safe schools to send their children.

### ✓ **Education**

As stated above, the feeling of safety lends itself to the enjoyment of all of Jackson County's parks, lakes and recreational opportunities. Residents who feel free from the fear of crime will undoubtedly spend more of their available leisure time enjoying the recreation and culture offered in Jackson County. This is also true in Jackson area schools that provide opportunities for both recreation and sporting events. For most rural communities the area high school is the epicenter for community activity.

The feeling of safety in our schools lends itself to the enjoyment of all of Jackson County's school functions. Residents who feel free from the fear of crime will undoubtedly spend more of their available leisure time enjoying the recreation and sporting events offered in local schools. Many of the area schools that participate in the School Liaison Program have a particular extracurricular team or group that has substantial community support. The freedom to attend these events without fear of violence or exposure to other criminal risk is no doubt enhanced by this program.

## Accomplishments & Partner Schools

- School Liaison Deputies are shared with Marine Law Enforcement Program to more effectively use resources and reduce costs. In 2019 the added School Liaison Deputies cost will be shared with the Secondary Road Patrol grant to offset the added budgetary expenses.
- School Liaison Deputies continue to attend training aimed at combating active shooter situations.
- School Liaison Deputies assist their districts with security plans, active violence response drills, updating response plans and provide a critical resource for building security.
- Career Center- One Deputy five days per week
- East Jackson- One Deputy five days per week
- Grass Lake- One Deputy three days per week
- Hanover Horton- One Deputy one day per week
- ISD Memorial School- One Deputy ½ day per week
- Northwest- One Deputy three days a week (Casual Deputy)
- Vandercook Lake- One Deputy two days per week
- Western- One Deputy five days per week

## Budget Adjustments

Additional School Districts have requested School Liaison Deputies. Western schools formalized their contract in late 2018 accounting for the increase. No significant budget increases or decreases are expected for 2021. All FTE Deputy Sheriff's in this program have grant funding applied to them during non-school months and either conduct Marine Patrols or Secondary Road Patrol Enforcement.
