Accomplishments

- ✓ The Adult Treatment Court Team was successful in securing continued federal grant funding for the Adult Treatment Court Program. They also secured a Bureau of Justice Grant, and continued grant awards for the State Court Administration Office. The program is able to

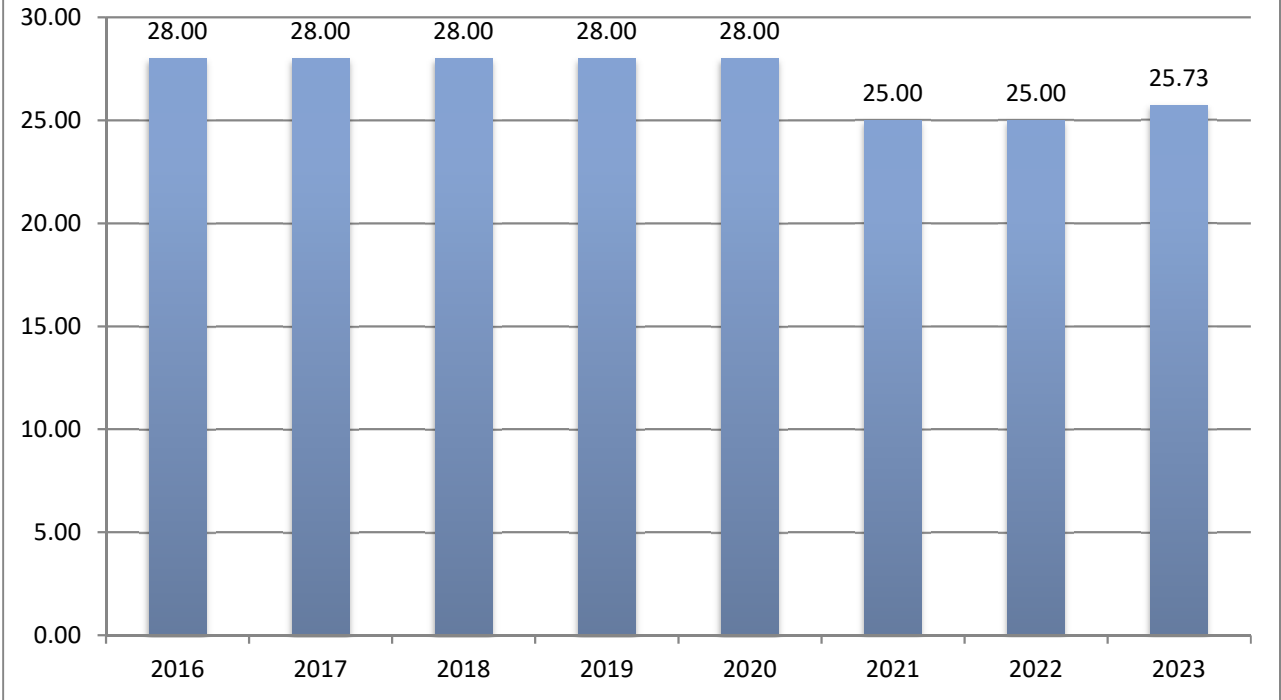

Circuit Court

serve up to 120 participants. The Adult Treatment Court Team continues to look for additional grants to expand current Treatment Court Services.

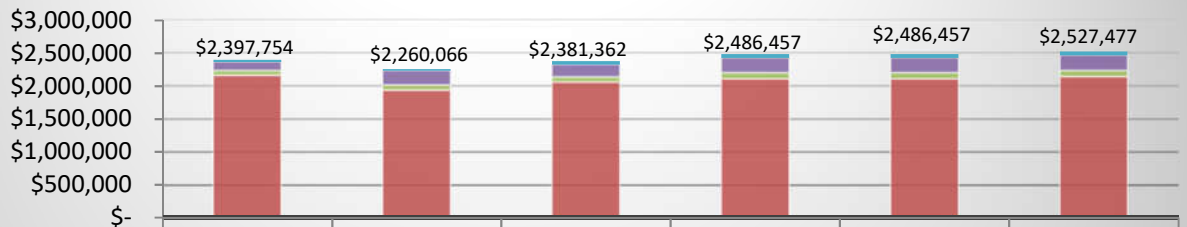

- ✓ The Alternatives to Act 150 State Placement Committee has continued to work with the Judges, DHS, and other community partners to explore and research less expensive placement options for our delinquent juvenile population under court jurisdiction. These efforts continue to be challenging because of reduced state funding for some of these alternative programs, and the closure of others. These efforts have resulted in great savings for the Child Care Fund, especially now with the addition of 17 year olds as a result of Raise The Age.
- ✓ We are currently looking to update the current video conferencing technology that is installed in all C-F-P courtrooms and FOC hearing rooms, and also at the Youth Center Detention Facility. Previous technology improvements have resulted in increased staff time efficiencies, safety and security, and have reduced transportation costs.
- ✓ The Community Corrections Office operation has been successful in overseeing several programs with the assistance of the MDOC Probation department in providing services to several hundred Adult Probation clients.
- ✓ The Court Public Satisfaction Survey that was developed by the Supreme Court Administrative Office and given annually to court house customers has yielded some positive results, including:
 - 93% indicated that they were able to complete their court business in a reasonable time.
 - 94% indicated that they were treated with courtesy and respect by court staff.
 - 90% indicated that they were treated with courtesy and respect by the judge/referee/magistrate.
