Strategic Plan Impact

✓ **Safe Community**

The two deputies assigned to this unit work in concert with other law enforcement officers from various governmental units to target the illicit drug trade in Jackson County. Their work includes long-term investigations of drug traffickers as well as the apprehension of street level offenders. This unit has within it the only personnel in the county of Jackson dedicated to targeting drug activity. The work performed by this unit shutting down drug houses and methamphetamine labs contributes significantly to making Jackson County a safer place to live.

✓ **Healthy Community**

In creating a safe community where people feel free to enjoy the multiple parks and opportunities for outside activity the Office of the Sheriff contributes to the health of the community. Drug interdiction enhances the health of this community by forcing the sale of drugs out of our neighborhoods.

✓ **Recreational & Cultural Opportunities**

This program enables the residents of Jackson County to enjoy recreational and cultural opportunities by providing a feeling of safety. The knowledge that problems relating to drug activity are being addressed permits citizens to enjoy recreation in Jackson without fear of being exposed to the effects of drug sales in parks and neighborhoods.
