BLACKMAN CHARTER TOWNSHIP, MI – The Jackson County Department of Transportation (JCDOT) announces lane closures and new traffic patterns, on Lansing Avenue and Parnall Road beginning Tuesday, July 8, 2025, through Friday, November 15, 2025.

The closure is necessary to complete the installation and enhancement of non-motorized trail infrastructure as part of the Mike Levine Lakelands Trail network expansion. This project aims to connect communities with alternative transportation options, and provide safer pedestrian and bicycle access to improve the regional trail system.

All local businesses and residential driveways will remain open and accessible during construction. Motorists should use alternate routes, and no detour signs will be posted.

For further updates and inquiries, please contact JCDOT at (517) 788-4230, visit our website (bit.ly/JCDOT), or check out our Facebook page for further information.
