BUILDING INFORMATION

Describe proposed addition, alteration or change in use:

OFFICE USE ONLY

The property use change proposed will have the following effects on the water supply and sewage disposal systems:

- () None
- () The sewage system is adequate for current use but increased water use may put more wastewater into the system than it was designed to handle.
 - () There is enough room for a properly sized replacement system.
 - () There is not enough room for a properly sized replacement system.
- () The sewage system is undersized for current use and there is:
 - () Inadequate area to install a system large enough for proposed use.
 - () Adequate area to install a system that will handle the proposed use.
- () The Well and sewage system are currently inadequately isolated.
- () The proposed use increases the required isolation distance between the well and sewage system and would make the well inadequately isolated.
- () The proposed structure would:
 - () Come too close or cover: () Septic Tank () Drainfield () Well
 - () Use up property designated as reserve area for a future sewage system

Recommend approval of proposed change: () Yes () No
