Strategic Plan Impact

✓ Economic Development

The Treasurer's office staffs the Jackson County Land Bank Authority. The Land Bank is a county authority and a strategic economic tool that supports growth and investment in our community. Land Banks were created to return tax reverted property to productive use as rapidly as possible. These reverted properties commonly come through the tax foreclosure process. A Land Bank may concentrate its efforts on an entire neighborhood that needs reinvestment. The Land Bank will buy, renovate and resell multiple properties in a designated area with a goal of owner-occupancy.

The Treasurer's office invests significant time and resources in Foreclosure Prevention. Although the Treasurer's office is an internal service department within the County, this office actively participates indirectly in economic issues that impact our community.

Accomplishments

- ✓ Passport Acceptance Facility – issuance of passports
