

CAUTION

ADULTS WHO WORK WITH LEAD NEED TO TAKE PRECAUTIONS

Protect yourself and your families from lead poisoning.

Wash hands before eating, drinking, smoking or touching your face.

Store street clothes in a separate locker from your work clothes.

Shower, wash your hair and change into clean clothes before leaving work.

Wear the proper protective equipment on the job, including a respirator.

Wash work clothes separately from other laundry. After washing lead-contaminated clothing and removing them from the machine, run the rinse cycle once before using the washing machine again.

Talk with your doctor about getting a lead test for you or your child if:

You believe you have been exposed to lead

You are at risk of lead exposure

For more information, visit www.michigan.gov/lead or call the Childhood Lead Poisoning Prevention Program at 517-335-8885.
